Sir:

This supplements the Information Disclosure Statement submitted in the above-identified application on December 18, 2002.

In accordance with the duty of disclosure under 37 C.F.R. § 1.56, Applicant hereby notifies the U.S. Patent and Trademark Office of the documents which are listed on the attached Form PTO-1449 and/or listed herein and which the Examiner may deem relevant to patentability of the claims of the above-identified application.

Applicant encloses herewith a copy of a corresponding foreign Search Report citing such the documents listed on the PTO 1449 as AA-AB, together with an English-language version (if not already included) of that portion of the Search Report indicating the degree of relevance found by the foreign office.

The prior art documents listed on the PTO 1449 as AC-AD were also submitted in an Office Action dated November 2, 2002 in the parent application Serial No. 09/438,046.

The present Information Disclosure Statement is being filed after the later of three months from the application's filing date and the mailing date of the first Office Action on the merits, but before a Final Office Action or Notice of Allowance (whichever is earlier), and therefore Applicant is filing concurrently herewith a Statement under 37 C.F.R. § 1.97(3). No fee under 37 C.F.R. § 1.17(p) is required.

I hereby certify that each item of information contained in this Information Disclosure Statement was first cited in any communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of this Information Disclosure Statement.

The submission of the listed documents is not intended as an admission that any such document constitutes prior art against the claims of the present application. Applicant does not waive any right to take any action that would be appropriate to antedate or otherwise remove any listed document as a competent reference against the claims of the present application.

Respectfully submitted,
